

PAST EVENTSBEMC Camp Bordon Time Trials

This was the first run in many years, organized by BEMC at Camp Bordon. There were three Morganeers entered, and three others present but not participating. The event was really enjoyable and BEMC is already planning for next years event. You won't wreck your car ! The run was .9 miles and each participant is allowed the best time of four runs. You missed a good time if you weren't there.

We are trying to plan next years organizational activities for T- Mog. Anyone interested in helping with this project, please call John Stevenson at 239-9273 (B-661-2000) or Norm Hendrycks 677-9107 (B-743-8000)/ We certainly require more interested people to help out with the work. Also, anyone able to get newsletters printed, please contact the above.

A date for an evening gathering will be set later on in the month.

Contributions for next years Operations

The past year has seen some varied activities, some with more than the old stand bys turning out, but in general, most events had a rather poor showing. Where are all you Morgan owners? If the current lack of interest continues, we will stop printing the newsletter on a monthly basis and will send out any information we attain when we feel we have enough to warrant it.
